Desiring for many reasons to be known hereafter by a distinctive appellation, the officers of the First Battalion, First Regiment, at a meeting held last night, voted unanimously to adopt the name "The Richmond Grays," to be hereafter used when the battalion is referred to. Of course, for official purposes the four Richmond companies must continue to be called the First Battalion, First Regiment, just as the Richmond Howitzers are officially Battery A, First Battalion of Field Artillery.

This move was taken by the officers with a great deal of enthusiasm, all seeming to think that it spelled an added dignity to the battalion. In the matter of history, the companies feel that they can show an honorable freely dather from his present business activities to devote his entire time to the office and duties of first vice-president.

Uncle Same Conducts Remnant Auction Sale--Report by Local Corporation.

Immediate repairs to the Richmond dock were finally put beyond possibility yesterday when appeal and supersedeas bonds were executed before the State Corporation Commission by E. L. Bemiss, representing the bondholders' committee of the William R. Trigs Company. L. M. Williams was surety on the bonds.

The amount of bond fixed by the Supreme Court on the appeal, which was allowed the owners of the dock, was \$500, while the supersedeas bond, fixed by the commission, was placed at \$1,000. The smallness of this surecast was allowed to cover any possible loss which may accrue to the city of Richmond and to the business houses situated on the dock by reason of the deday, in the event the dock owners eventually lose in the Supreme Court. However, the sum was fixed by agreement between the attorneys.

It is hoped to secure argument early in the January term, and to get a decision by February 1.

GATLING GUN LEAVES TOWN

No Richmonder Wanted Household Necessity—Much Property Sold.

Apparently all the Richmond people who need Gatling guns in the ordinary affairs of life are well supplied with these necessities. Although they were given ample opportunity yesterday to bid on one offered for sale at public auction by the United States government, no Richmonder evinced any desire to become its possessor. The gun was knocked down to an Alexandria man for \$80. Alexandria man for \$80.

Large quantities of military articles condemned by officers were disposed of at this sale, including clothes by the thousands, which could have clothed many of Richmond's poor. But under the regulations these had to be torn up and sold as rags, for the distinctive uniforms cannot be indiscriminately worn.
